Mary,

All is well.

I'll get the number and be back to you Thursday morning.

Good to hear from you.

Hi Tom,

Sorry I haven't spoken to you for a while. I hope all is well.

Now that the Residuals Handling process has been operational for almost a year, can you tell me how many tons of solids were not discharged back to the Potomac? I hope you don't have to dig too deeply for this information.

Many thanks, Mary
